Letter of Commendation

The Department of Applied Social Sciences of the Silesian University of Technology (Poland) points out the educational programs (bachelor's, master's and doctor's of philosophy) "Economics", the educational programs (bachelor's and master's) "Entrepreneurship, trade and exchange activity" of the Department of Economics and Entrepreneurship of the Kharkiv National Automobile and Highway University (Ukraine) as innovative educational programs provided by a powerful faculty.

Definitely the absolute competitive advantage of these educational programs is an outstanding professorial staff. Indeed, the professorial staff of these educational programs includes not only Ph.D., Dr.Sc., professors, but also famous Ukrainian scientists – honored leaders of science and technology, academicians, laureates of state prizes, recipients of international grants and state scholarships, winners of prestigious international competitions (in particular, winners (champions) of the World Science Championship (UAE), winners (champions) of the World Championship in Economics (USA), bronze medalists of the International Science Championship of Europe, Asia and Africa (UAE), winner of the Open International Competition "Scientist of the Year" (Canada) etc.). The high scientific potential and professionalism of the professorial staff is embodied in: the author's educational courses; using the latest methods of learning and teaching; the innovativeness of the educational process; the tutor interaction with students.

The educational programs (bachelor's, master's and doctor's of philosophy) "Economics", the educational programs (bachelor's and master's) "Entrepreneurship, trade and exchange activity" of the Department of Economics and Entrepreneurship of the Kharkiv National Automobile and Highway University (Ukraine) are modern, innovative and unique.
